

# D&L Heritage Half Marathon Course Map & Guide

## About the D&L

The Delaware & Lehigh National Heritage Corridor (D&L) is both a diverse, multi-faceted organization, and a multi-use trail spanning 165 miles from the mountains of northeast Pennsylvania through the Lehigh Valley and Bucks County.

The D&L is a true public-private partnership. Passionate residents and volunteers work alongside local, regional, and national entities to conserve cultural and natural resources in the five-county region of eastern Pennsylvania. This is a nationally significant historic transportation route that traverses railroads, canals, rivers and trails.

Since 1988, when Congress established the Delaware & Lehigh National Heritage Corridor, we have worked diligently to preserve and revitalize historic places and landmark towns, conserve green space for public use, document and interpret our heritage, celebrate our community and region, and create partnerships and programs for long-term sustainability.
